## **VODODARA DISTRICT.**

1. Vadodara district consisted of 13 talukas: namely (1) Vadodara, (2) Karjan, (3) Shinor, (4) Savli, (5) Padra, (6) Dabhoi, (7) Vaghodia, the year 2001 was 36,67,283 consisting of 35,03,683 Hindus (4,23,000 Adivasis) and 1,63,600 Muslims. The district has some tribal areas also. There is one Collector and District Magistrate for the whole district of Vadodara. However, for certain purposes it is divided into 2 parts, Vadodara City District and Vadodara Rural District. For the city of Vadodara, there is a police commissionerate and it is headed by Commissioner of Police. For the rest of the area i.e. Vadodara rural district, there is District Superintendent of Police. Therefore the incidents which happened in Vadodara City and the incidents which happened in Rural area are considered separately.
  
2. It is relevant to note that, Vadodara district as a whole, did not have any history of communal riots before 1969. In the year 1969 in Vadodara city a serious communal riot broke out and seeds of communal hatred were sown between Hindus and Muslims. Thereafter, sporadically incidents of communal violence have taken place in the city. Some parts of the city have become very sensitive and even a small incident involving persons of two communities is likely to lead to a communal riot. This time between 27.2.2002 and 31.5.2002, in the whole district, 839 incidents/offences were reported.

## **VADODARA CITY**

3. In the year 2002, the population of the city was about 15 lakhs. Vadodara city has a sizable Muslim population living in certain localities falling under Panigate, Vadi, City and Raopura police stations. Vadodara city had 14 police stations; namely (1) Panigate Police Station, (2) Vadi Police Station, (3) Makarpura Police Station, (4) Raopura Police Station, (5) Navapura Police Station, (6) JP Chowk Police Station, (7) City Police Station, (8) Karelilig Police Station, (9) Chhani Police Station, (10) Sayajiganj Police Station, (11) Fateganj Police Station, (12) Gorva Police Station, (13) Jawaharnagar Police Station and (14) DCB Police Station.

4. As disclosed by the material gathered by the Commission, in the city of Vadodara, 597 incidents took place between 27.2.2002 and 31.5.2002. Date and police station wise statement of incidents/offences that happened in Vododara city is as follows:-

Amongst the areas covered by its 13 police stations, highest number of incidents (141) took place in the area falling under Panigate Police Station. The next affected areas were the Vadi where 79 incidents took place and the City Police Station area where 62 incidents happened. As stated earlier, these areas of the city have mixed population and are thickly populated. Most of the houses in these areas are adjacent to each other. There are many lanes and bye-lanes. Some of them are so small that it is difficult to go inside with a vehicle. These peculiarities of these areas make it difficult for the police to notice movements of people inside these areas and to deal with the persons indulging in rioting and arson. The rioters are able to run away without being caught by the police. As these areas had mixed population, there were many instances wherein mobs consisting of both the communities - Hindu and Muslim - attacked each other and also caused damage to properties belonging to the other community. Out of 597 incidents, 339 incidents happened during day time and 258 incidents happened at night. About 1016 houses and shops, 23 religious places, 4 Government properties and 161 vehicles were damaged or burnt by fire. There were 227 incidents in which the mobs had either looted goods from houses and shops and other properties belonging to rival communities or damaged them. In all 195 persons had received injuries because of the incidents and 49 persons lost their lives. In police firing 60 persons (25 Hindus and 35 Muslims) were injured and because of lathi charge 22 persons had received injuries. In all 285 persons were injured. Highest number of persons (14) died in the incident which came

to be known as the Best Bakery incident and which happened in Panigate area. There were 12 deaths in Makarpura area and 8 in the City police station area. There was no death in the areas falling under Navapura police station, Chhani police station, Gorva police station and Jawaharnagar police station. There was one death in each of the areas falling under Vadi police station, Raopura police station, JP Road police station and Sayajiganj police station. There were two deaths in the area falling under Fatehganj police station. As stated earlier, at many places, mobs had attacked policemen when the policemen had tried to prevent them from indulging in rioting and arson. There were 56 such incidents and as a result, some policemen were injured. Out of 597 offences which came to be registered, police filed charge sheets in 397 cases and in 198 cases, police had obtained 'A' summary but now 5 cases out of them have been reopened for further investigation.

163. The material also discloses the following facts and circumstances. The police set up for the city was as follows:-

Because of by election of Sayajiganj Constituency, which was held on 21.2.2002, there was heavy pressure of work and therefore there was a ban effective from 2.1.2002 to 24.2.2002 on all types of leave. After conclusion of this election, several officers and men had proceeded on leave. Addl. Commissioner in-charge of law and order was on sanctioned leave from the night of 24.2.2002. Two Dy.C.Ps were granted leave for 7 days with effect from 26.2.2002. Second Addl.C.P. had reported sick from 26.2.2002. One A.C.P. also reported sick on 27.2.2002. Soon after receiving information, at about 10.20 hours, from the State Control Room, the C.P. had called a meeting of police officers at 10.30 hours. At about 11.45 hours the Commissioner of

Police requested D.G.P to provide additional force and officers and also sought permission to recall the officers who were on leave. At 12.10 hours, all police stations were alerted as there was likelihood of some reaction when the train in which Kar Sevaks were traveling was to arrive at Vadodara Railway Station. At 12.22 hours, instructions were issued to implement Communal Riots Scheme. Instructions were given for requisition of vehicles and to fit them with wireless sets and mikes. In the evening a Bandobast Scheme was prepared in view of the Gujarat Bandh on the next day i.e 28.2.2002. By midnight, 53 additional mobiles were fitted with wireless sets and put in service. Two incidents were reported during the night. One stabbing incident had happened in Karelilbag area at about 5.10 hours and one person was killed near National Highway at about 6.55 hours. Therefore all police officers were directed to make maximum preventive arrests and curfew was imposed in the areas falling under Panigate police station, Vadi police station, Karelilbag police station, City police station, Navapura police station and Raopura police station from 08.00 hours. By that time, about 100 persons were detained under section 151 of Cr.P.C. In spite of these efforts, stray incidents of arson were reported from non curfew areas and since it was feared that violence may intensify at night, curfew was imposed from 17.30 hours in six out of the remaining seven police station areas viz. Makarpura, J.P.Road, Sayajiganj, Gorva, Fatehganj and Chhani. On 28.2.2002, 102 Muslim Children from Study Centre of Islamic Trust situated on Ajwa Road were shifted by the police to a safe place. From Rampark situated on Ajwa Road under Panigate police station, 25 Muslims were shifted to safe places. From Ishwarnagar in Makarpura area, 150 Muslims were rescued and shifted to a safe place in Tandalja area. From Gayatrinagar, Ramdevnagar, Gotri and Ambikanagar falling under J.P.Road police station, 30 Muslims were shifted to a safe place. From Excellent Apartment falling under Sayajiganj area, 60 persons of 10 Muslim families were shifted to safe places. From Gotri village, 30 Muslims were shifted to Tandalja area. One Muslim in Makarpura area was also rescued. During the day i.e. on 28.2.2002, 67 persons were arrested for violation of curfew. In all 195 persons were arrested under section 151 of Cr.P.C. One person was arrested under section 135 of B.P.Act and 59 persons were arrested under substantive offences.

164. On 1.3.2002, the Commissioner had issued instructions to enforce the curfew strictly and to use force effectively to control the violence. By way of additional help, one company of SRP was received and they were deployed in Panigate, Vadi and Makarpura police station areas. In the evening two columns of Army were made available and flag march was arranged at 18.30 hours. During the day police had fired 294 rounds and 405 gas shells were lobbed to disperse the violent mobs. Police arrested 45 persons under section 151 of Cr.P.C., 6 persons under B.P.Act and 293 persons for violation of curfew. In police firing 4 persons were injured. As it was brought to the notice of the Commissioner that at some places curfew was not implemented effectively, all officers and subordinate police personnels were warned that action would be taken against them if they were found negligent in performance of their duties. Army had some reservations in getting deployed in certain areas, hence discussions were held with the army officers and by 23.00 hours four teams were deployed in Makarpura, Panigate, Karelibaugh, and City Police Station areas. The material further discloses that the police force was directed constantly thereafter to take effective steps to control the violence and be strict with persons indulging in such violence. The whole city covering the area of 220 sq.mts. was affected by communal riots. No such thing had happened in the past. The incidents of violence had happened almost continuously and the police force was not adequate to deal with those incidents. Very little additional force could be allotted to Vadodara City in view of the disturbance in other parts of the State. On 27.2.2002 at about 17.45 hours two platoons of RAF and one company of SRP, and on 28.2.2002 at about 8.10 hours one company of CISF and on 1.3.2002 2 columns of Army were made available. In spite of paucity of the police force police managed to see that all religious festivals and examinations of HSC, new SSC etc. were conducted peacefully. Commissioner had also taken action against some subordinates who were found negligent in performance of their duties. At the same time he had also given rewards to those who had acted strictly and rendered help to the persons who were in need of the same. In order to bring peace and maintain harmony, 106 meetings of peace committees were held. Large number of citizens of Vadodara had taken part in those meetings and peace rallies were organized by the police. Between 27.2.2002 and 30.4.2002

police had registered 552 offences out of which 249 offences were detected and 3550 persons (2082 Hindus + 1468 Muslims) were arrested. By 30.6.2002 number of offences detected was 346 and number of persons arrested was 4240. By way of preventive action, 7412 persons were arrested. By 30.4.2002, 46 persons had died (30 Hindus and 16 Muslims). Eleven persons had died in police firing (4 Hindus and 7 Muslims). Two Hindus had died in private firing.

165. As the communal violence started on 28.2.2002 and increased on 1.3.2002, police had remained on duty almost continuously for more than 48 hours and the evidence of doctors discloses that they were found completely exhausted and were not able to respond properly. Such an angry reaction by Hindus against communal violence by Muslims was never seen before and the police force was inadequate to deal with the situation. The policemen were posted on main roads and streets. The incidents happened at many places. The mobs were big and many times aggressive with the result that it was not possible for two or three policemen present at the spot to control the mobs and prevent them from indulging in rioting and arson. It appears that because of all these factors large number of incidents happened. After getting more help police was able to control the situation on 1.3.2002 and thereafter. Violence decreased considerably on 1.3.2002 and after 4.3.2002 there were only stray incidents in different parts of the city, except on some days. Most of the witnesses, including witnesses of Muslim community, have appreciated the performance of the police during those days. They appear to have performed their duty independently and sincerely. They used force wherever it was found necessary and the evidence of the witnesses discloses that but for their intervention and help, there would have been more casualties and damage. There is no evidence to show involvement of any political party or any leader or anybody from the Government in the incidents. There is evidence to show that anti social elements had either instigated the incidents or taken part in them. Though there is an allegation that some VHP men had taken part in the incidents, there is no evidence to show who were those persons.

run away from the village. Thereafter, persons in the said mob set on fire house of Gaturbhai and damaged house of Salimbhai. Salimbhai filed a complaint (CR No. 24/2002) to that effect on the same day, at 19.30 hours. The police filed a charge sheet against 12 named and other unknown persons. They were acquitted by the court. The second incident happened at about 20-30 hours in village Sokhada. A mob of about 25 persons of the same village indulged in rioting and damaged the dargah of Gebansha Bava and a masjid. Thereafter, the mob set on fire nine shops and cabins of Muslims. A complaint (CR No. 25/2002) to that effect was filed by Haidarmiya Adammiya at 0.30 hour. After investigation, police filed a charge sheet against 12 named persons and other unknown persons. They were acquitted by the court.

169. On the next day i.e. on 1.3.2002 two incidents happened. At about 23-15 hours, in village Laxmipura, a mob of about 50 persons set on fire cabin of Rahemdar Abdulmadar. It also burnt a mini bus of his brother. Thereafter, the mob set on fire houses of Bachumiya Saiyed, Mahmud Gulam, Iqbal and Kalu. A complaint in respect of these incidents was filed by Rahemdar Abdulmadar on 2.3.2002 at about 2-30 hours (CR No. 26/2002). After investigation, police charge sheeted 8 persons. They were acquitted by the court. The second incident happened some time after 23-30 hours in village Sokhada. A mob of about 50 to 60 persons set on fire 3 'katcha' houses of Muslims. P.S.I. Jaiswal, who was on patrolling duty came to know about it, and went there. On seeing the policemen, persons indulging in rioting ran away. While policemen were patrolling on the road leading to Aasod they came to know that a mob of 400 to 500 persons of villages Vasna Kotaria, Motipura, Misrapura and Lalpura had set on fire houses of Muslims in village Sokhada. Therefore, they rushed to that place. On seeing them, persons in the mob ran away. The mob had burnt or caused damage to houses of 9 Muslims. 240. The last incident happened on 15.3.2002. In Kalarani village, at about 16.00 hours, a mob of about 600 to 800 Adivasis rushed towards houses of Muslims. In spite of the efforts made by the police to persuade them not to attack houses of Muslims, the mob set on fire house of Mubarak Khatri. Police therefore lobbed tear gas shells. It did not have any effect on the mob and the mob set on fire houses of Abdul Faizmahmad, Bhurabhai and Lasim Mahmud. Police again fired more shells and dispersed the mob. HC Rajanikant filed a complaint (CR No. 13/2002) against unknown persons. After investigation, police filed a charge sheet against 4 persons. They were acquitted by the court.
241. The material in respect of the incidents which happened in this area discloses that though only 9 offences were registered, actual incidents were more. They had taken place in about 25 villages but they were all stray incidents. In these incidents the mobs had attacked houses and shops of Muslims. The incidents

had happened when the policemen were not present and the police had come to know about them only when they visited those places. In respect of many incidents common complaints were filed. The material further discloses that in many incidents, the mobs consisted of Adivasis. At 12 places police had resorted to firing. Out of 9 offences which were registered, in 3 cases police was not able to find out culprits and therefore 'A' summary was obtained. In remaining 6 cases police had filed charge sheets. The accused were acquitted by the court in all those cases.

242. Looking at Vadodara Rural district as a whole, we find that out of 1566 villages, 162 villages were affected by communal riots between 27.2.2002 and 31.5.2002. The total population of Vadodara Rural district was 3667283. There were about 35,00,000 Hindus and 1,63,600 Muslims. From amongst the Hindus, population of Adivasis was about 423000. By way of preventive steps, action was taken against 547 persons.

243. He further stated that the mobs used to come from outside the village and the police on being informed, used to come immediately. Saiyed Ajimmiya of their village also stated the same thing. Gulamhusain (W. 285) of village Jarod, taluka Vaghodia after referring to the attack on his hotel stated that the police had come to the place of incident immediately and because of that not much damage was caused to his hotel. Shaukatali Shaikh (W. 286) of Kwant stated that there was a rumour that there would be an attack on their town. The police had, therefore, made proper bandobast and helped Muslims in shifting to safe places. He further stated that thereafter, Adivasis had damaged their properties and looted their goods. Mukhtyar Ahmad of that town also stated the same thing. Ikbalbhai (W. 287) of Savli stated that mobs consisting of persons of surrounding villages used to come to their town and damage properties of Muslims. Police force which was in the village was inadequate and therefore, police could not prevent those

attacks. However, the police had performed their duty quite well. Shaikh Akhtarbai of that town reiterated what Ikbalbhai has stated. Akbarbai (W.288) of Sankheda town who was then a trustee of Zaveri Masjid and President of Hanifaya Madresa stated that because of the efforts of PSI Vaghela and the Mamlatdar, no serious incident had happened in their town. Police officers had performed their duty satisfactorily and that the Hindus and Muslims of their town had in a meeting appreciated the work of PSI Vaghela. Mahmud Rafik and Gosmahmad both of Sankheda agreed with what Akbarbai stated. Saiyed Mubarak (W.289) of Dabhoi town stated that the police had taken precautions and constituted Samities and therefore inspite of false rumours, peace was maintained in their town. Nasirhusain (W. 294) of Pavi-Jetpur stated that there was constant patrolling in the town and that the incidents which happened in the town were stray incidents and done in a clandestine manner and the police used to reach those places immediately. He stated that police used to call meetings and used to persuade Hindu and Muslim leaders to work together so that no communal incident took place in their village. Idrisbhai (W. 296) of village

Rustampura, taluka Vaghodia stated that he was a Sarpanch of that village. Because of the steps taken by the police, no communal incident happened in their area inspite of rumours circulating in their village. Anwarsinh (W. 297) of village Raniya, taluka Savli stated that one incident happened in their village but PSI Kandel had immediately reached their village and controlled the situation. Bashirbhai Vora (W. 298) of village Bhadarava, taluka Savli stated that because of the efforts of PSI Kandel, peace was maintained in their area till 23<sup>rd</sup>. On that day an incident happened wherein two houses were burnt, when PSI Kandel had gone out of that town. PSI Kandel was immediately contacted and he had come to Bhadarva within a short time and controlled the situation. He stated that on the next day, a meeting was arranged by workers of VHP and they had made inflammatory speeches. PSI Kandel had arrested some persons who had tried to create some trouble. PSI Kandel however persuaded Muslims who had gone away to nearby places to return to Bhadarava. He also stated that the police had arrested Dipen Shastri, a leader of VHP and 37 other persons. Pyaresaheb (W. 299) of village Manjusar, taluka Savli stated that he had come to know that in their village some workers of VHP and Bajrang Dal had burnt 4 or 5 shops of Muslims. Because of that Muslims of their village had shifted to nearby village Tundav. PSI Kandel assured them that he would take strict actions against mischievous persons and because of that assurance, Muslims of the village had returned. He also stated that PSI Kandel had arrested 13 persons for committing communal violence in their village. Rasulbhai (W. 300) of Vaghodia town stated that there was one incident in Vaghodia, in which some articles of one masjid were damaged. PSI Solanki and the policemen had rushed to that place and controlled the situation. Gulam Faridbhai (W. 301) of village Panvad, taluka Kwant stated that some mischievous elements had damaged shops of Muslims in their village. Though some policemen were present in the village, they were not sufficient in number and they had told the Muslims to leave the village. He stated that because of pressure of Adivasis, leaders of the village like Kiritbhai Shah, Bhupendra Joshi, Dashrathbhai Maharaj and Sanjaybhai were opposing their coming back to the village. However, because of police efforts, they have been able to go back and because of SRP point, mischievous persons have not been able to do anything to them. He further stated that Panvad area is an

Adivasi area. Adivasis used to come from jungles and attack properties of Muslims. Even they had fired at the policemen. Immediately after that incident, DSP and other higher officers had rushed to that place. A list of witnesses who gave oral evidence before the Commission is already annexed earlier as Annexure 2.

244. The material in respect of the incidents and the evidence of witnesses when considered together discloses that police had acted independently, impartially and effectively in dealing with the rioting mobs. Many witnesses (both Hindus and Muslims) residing at different places have appreciated performance of the police during the relevant period. The witnesses have stated that police had rushed to the places of incidents immediately and dispersed the mobs by using force where it was necessary. They have further stated that some incidents happened in villages because of inadequacy of police force. The witnesses have also stated that because of positive role played by the police in calling meetings and getting together leaders of Hindu and Muslims, on the whole communal harmony was maintained at many places in the district. Some of the witnesses have specifically appreciated the efforts of DSP, PI Kandel and PSI Solanki. Some witnesses have stated that some workers of VHP had made attempts to incite Hindus against Muslims and had also taken part in one incident in which 4 to 5 shops of Muslims were damaged. But that had happened only at two places viz. Bhadrava and Manjusar of Savli taluka. Evidence of the witnesses also discloses that Adivasis used to come from their hilly areas and attack properties of Muslims. Some shops of Hindus were also looted. They had attacked the police also. There is neither any complaint nor any evidence to show that there was any inaction or negligence on the part of the police in performing duty or that there was any interference of anybody in their working. There is no reliable and sufficient evidence to show that any political or religious party or leader was behind the incidents which took place in the district. There is no evidence to any interference in the working of the police by any higher up from the Government or their involvement of any type in the incidents.
245. As stated earlier, Shri Bhagyesh Jha was the Collector and District Magistrate of Vadodara district (City and Rural). We have already referred to his affidavit earlier while dealing with the incidents of Vadodara city. For the Rural

District there was a separate police head. Shri Keshavkumar was the Superintendent of Police of Vadodara Rural district. In the affidavit filed by him, it is stated that because of repeated telecasting of the Godhra incident by the media, anger of Hindus against Muslims had become very strong in the Vadodara Rural area. He has referred to some incidents and stated what steps were taken by the police to control the communal violence. Like the Collector, DSP Shri Keshavkumar has also referred to sizable population of Adivasis in some parts of the district. He has stated that he had found that most of the attacks by Adivasis on Muslim properties were because of their exploitation by Muslims in the past. The Adivasis had taken advantage of the communal riots for retaliating against Muslim businessmen for what they had done to them in the past. He has stated that the police had acted sincerely and impartially in performing their duties during the communal violence. He has also stated that between 28.2.2002 and 30.3.2002, police had fired 439 rounds to control the law and order situation and 537 cases were registered under the provisions of Criminal Procedure and section 188 of I.P.Code.

246. On overall consideration of the material relating to the incidents of this part of the district (Rural), it is disclosed that communal riots were more in 3 talukas viz. Chhota Udepur, Jetpur and Savli, whereas in other talukas, they were much less. When examined datewise, it is disclosed that there was only one incident on 27.2.2002 in Savli taluka. On 28.2.2002, there were 12 incidents of communal riots but they were confined to 5 talukas. There were no incidents of communal violence in 7 talukas viz. Karjan, Sinor, Dabhoi, Sankheda, Karjan, Kwant, Nasvadi and Jetpur. Thus, 7 out of 12 talukas had remained free from communal riots on 28.2.2002. Even on 1.3.2002, there were no communal riots in the following 4 talukas viz. Sinor, Dabhoi, Nasvadi and Kwant. On 28.2.2002, communal riots had taken place in the areas falling under 8 police stations and the areas under the remaining 10 police stations were free from such disturbance. On 1.3.2002, there were no communal riots in the areas covered by 7 police stations. Even though violence increased on 2.3.2002 and 3.3.2002, it had remained confined to the areas falling under 10 police stations. There was no communal incident in the areas falling under 8 police stations. The intensity of communal violence was more on 1.3.2002, 2.3.2002 and 3.3.2002. It started decreasing thereafter and on and from

8.3.2002, the incidents were few and mostly confined to Savli, Chhota Udepur and Jetpur talukas. Maximum number of incidents (55) happened in Chhota Udepur taluka and violence had continued in that taluka till 18.5.2002. In the next most affected taluka Jetpur, 50 incidents had happened and they stopped from 15.3.2002. In Savli taluka, law and order situation came under control on 2.3.2002 and thereafter, there were only stray incidents and they were few in number. There was no incident of communal riot in the areas of 5 police stations viz. Sinor, Dabhoi, Sankheda, Rangpur and Karali till 2.3.2002. In Sinor taluka, there was no incident of communal violence till 29.3.2002. The incident of that day was the only incident which took place in that taluka. In the area falling under Sankheda police station, no communal riot had taken place till 5.3.2002. In the area falling under Rangpur police station, there was no communal riot till 4.3.2002. Talukawise, talukas of Sinor, Dabhoi, Sankheda and Karjan were little affected by communal violence. Padra, Vaghodia, Nasvadi, Kwant and Vadodara talukas were moderately affected. Thus, in most of the talukas of the district, police was able to keep law and order under control.

247. One other feature disclosed by the evidence is that in many incidents adivasis were involved. They used to gather in large numbers in their hilly areas and then attack shops and houses of Muslims of nearby villages and towns. Sometimes shops of Hindus were also looted. Many Muslims had their shops in Adivasi areas and villages and very probably because of their feeling of being exploited by shopkeepers, those shops were attacked and goods were looted.
248. The material in respect of the district as a whole (Vadodara city & Vadodara rural) discloses that inner hatred of some sections of Hindus and Muslims against each other and the anger caused by the Godhra incident were mainly responsible for the large number of incidents which happened in this district. Though some incitement in the beginning by VHP workers cannot be ruled out, there is no evidence that they were involved in all the incidents. There is no evidence to show that at the instance of any political or religious party or organization people took part in those incidents. It appears that irrespective of political affiliations or membership of any religious organization, people took part in the incidents. There is absolutely no evidence to show involvement of

any type of any Minister of the State in the incidents which happened in this district. With limited police force, the police authorities tried sincerely and at many places effectively to prevent communal violence from taking place. Very often small number of policemen were required to deal with big crowds and therefore could not immediately prevent the mobs from doing damage to the person and properties of Muslims. The Communal Riot Scheme was put in action and force was used whenever found advisable and necessary. On some occasions, because of their small number, police had to wait for using force till more policemen joined them. At many places the policemen had to face stones and arrows darted at them by the Adivasis.
